

INCIDENT FORM – Sector 1

The RTBU will continue to join with the community in campaigning against staff cuts at railway stations despite the Government allowing these cuts to go ahead.

Members have raised concerns that these cuts will adversely impact on Customer Service, Commuter Safety and Commuter Security. We intend to continue to highlight the impacts of these cuts and publish the results periodically up until March 2011 and beyond.

Please complete the following incident form as situations arise and fax or email to RTBU Head Office on 9261 1342 - nswwho@rtbu-nsw.asn.au
