RAIL TRAM AND BUS UNION

Bulletin No: 21 /2010

13 MAY 2010

TO: ALL RTBU MEMBERS, RAILCORP CITYRAIL STATIONS

TVM CONSUMABLES

Members have informed the Rail Tram and Bus Union that RailCorp are claiming that a risk assessment has been completed allowing station staff to replace TVM consumables when working alone.

The RTBU will support any member who refuses to replace consumables on the basis of safety.

It is blatantly obvious to our Union and anyone else that cares to consider the impact on staff working alone that this is dangerous.

The RTBU will be writing to the Independent Regulator regarding this practice as we are sick and tired of RailCorp placing members' health and well being at risk to suit their political means. RailCorp seem to just forge ahead to ensure the figures look good for the NSW State Government!

Members will be further advised.
